SANITARY SHOVELS

GOOD MANUFACTURING PRACTICES
CERTIFICATE NUMBER GSCGMP-1-121
Based on: NOM-251-SSA1-2009

These one piece shovels can be used during production and in direct contact with food; manufactured with food grade materials these shovels are commonly used to move product from containers to containers or from containers to conveyor belts. It can also be used in industries where flammable liquids are handled since the friction of the shovel with the surface would not create sparks that could cause fires.
