PULEX ®

WINDOW CLEANING BUCKET

AVAILABLE IN 4 DIFFERENT COLORS

GlobalSTD GOOD MANUFACTURING PRACTICES
GOOD MANUFACTURING PRACTICES
CERTIFICATE NUMBER GSCGMP-1-121
Based on: NOM-251-SSA1-2009

Because of its rectangular design this bucket is ideal for use with tools that would not normally fit in traditional round buckets such as window-cleaning or floor waxing tools, as well as other special uses. Additional accessories include wheels to add mobility to the buckets and it has hangers for use with squeegees and washers (both essential tools in professional window-cleaning).
