

YATCH MOPS

GOOD MANUFACTURING PRACTICES
 CERTIFICATE NUMBER GSCGMP-1-121
 Based on: NOM-251-SSA1-2009

CODE 8150			CODE 8175			CODE 8175-E		
MODEL 500			MODEL 750			MODEL 750 THICKER HANDLE		
Ø HANDLE 7/8"	PACK 12		Ø HANDLE 7/8"	PACK 12		Ø HANDLE 1 1/8"	PACK 12	
Used for general-purpose and semi-industrial facilities. Recommended for all personnel because of the thread count (14 oz.) and double layer of lacquer on the handle (which also protects it from moisture) that makes them easy for users hands.			For industrial use and cleaning large areas. It has 50% more filament than the 500 model (21 oz.) and therefore has a higher absorption capacity, drastically cutting cleaning time.			Wet mop manufactured with the same features as the 750 model but with a thicker handle for increased durability and a more comfortable grip.
